# Enterprise presentation

- The winery Ribafreixo. The company started its journey on 2007. They have 2 partners. Their first wine was made in 2009. In a total, the Winery has 114 hectares, but only 80 are planted.

# Accomplished tasks

- In Ribafreixo we talked with the wine taster, the marketing staff, the laboratory worker and the financial human resources.

# Products/Activities

- We visited the R.P department and listened informations about the Winery. We learned all the process of the wine from the grapes to the bottle.

# Balance of the experience

- We really liked this experience and we all improved our English.

# Project Conclusion

- With the participation in this project, we had the opportunity to:
  - Do Ice breaking activities;
  - Do Working based learning activities;
  - Promote the contact with a enterprise of extreme relevance in the region;
  - Have personal and labour market experiences;
  - know the infrastructure of the Ribafreixo homestead, while company producer of wines and catering;
  - Characterize the company with regard to human, physical and financial resources;
  - Identify the areas of business, sales policy, marketing;
  - Promote contact with the labour market;
  - Know correct postures in the labor market.

# Project Conclusion

- We conclude that we learned so much, new things about the other countries, their traditions, culture and language. It was a really good experience.
