Sports Pavilion of Vidigueira

- Here we do physical activities from school. It has a gym and a space only for gymnastics
- It was built in January 2005
- There people can play Futsal, Hip-Hop, Zumba

Acomplished tasks

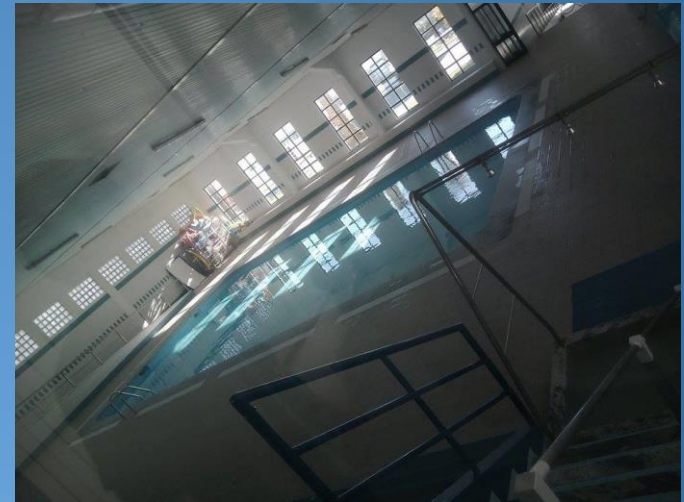

- We visited the sports pavilion first, then we went to the public pool, we visited the swimming pool. It has two indoor pools of hot water with 25m and the outdoor one with 50m, then we saw the public soccer stadium. It was built on 1998

Acomplished tasks

- With the participation in this project, we had the opportunity to:
 - Do Ice breaking activities;
 - Do Working based learning activities;
 - Know the existing sports infrastructures at Vidigueira;
 - Strengthen interpersonal relations;
 - Promote interaction among all participants;
 - Develop personal and social skills;
 - know the importance of work-related training in the school career;
 - Organize and promote the physic activity practice among young people.

Acomplished tasks

Products/Activities

Child Activities

Relay, race bags, treasure hunts and a circuit

Balance of the experience/Conclusion

- We learned how to work with several targets of all ages.
- We learned to prepare the space for the activities.

Project Conclusion

- We conclude that it's not easy to manage young kids and the maintenance of the spaces such as the swimming pool, the pavilion and the stadium
